### **Petitioning the Court to Take Judicial Notice**

#### **Cause**

<u>Charge Number</u>	<u>Violation</u>
One	There is probable cause to believe that the offender violated the standard condition that the offender shall refrain from any unlawful use of a controlled substance.

On May 10, 2011, the offender reported to the San Francisco United States Probation Office for an appointment. At that meeting, the offender admitted that he smoked marijuana on May 6, 2011.

Evidence to support this charge is contained in United States Probation chronological record dated May 10, 2011, through the signed statement of the offender and through my testimony.

#### **Action Taken and Reason**

Alvin Norman has completed sixteen months of supervised release. In that time, he has not submitted a prior positive urine sample for drug screening. The offender has also maintained employment as a plumber and has not been involved in new criminal conduct. The offender did complete twelve months of random substance abuse testing without incident.

On May 10, 2011, I directed the offender to report to the San Francisco United States Probation Office to review the conditions of supervision and to submit to a random drug test. At that meeting, the offender admitted to smoking marijuana on May 6, 2011. The offender reported that he has been under stress at home and work and that he made a mistake. We discussed the poor decision and he accepted responsibility. As a result, the offender will submit to increased substance abuse testing and increased supervision.

It is respectfully recommended that the Court take judicial notice of the above listed violation and allow the probation officer to continue to monitor the case.

The Assistant U.S. Attorney has been notified and there are no objections.
